Welcome in your PARC DU BOIS-FRANC

The parc du Bois-Franc features:

- Green spaces and lakes, totalling 1.5 km.
- A \$10M investment.
- A unique place in the Bois-Franc sector.
- More than 5 km of round-trip trails.

A Cool, Shady Area Right in the Heart of Saint-Laurent

For several years now, the borough of Saint-Laurent has been working on planning and laying out green spaces in the heart of the Bois-Franc real estate development. The objective is to provide families in the area with a living environment reflecting the atmosphere, peace and quiet, that makes the Bois-Franc sector so outstanding.

The Borough is presently in the process of showcasing the natural beauty of the former golf course and on the installation of various facilities. This section of parc du Bois-Franc includes many quality facilities. Residents in this sector can already take advantage of many of them.

Spaces that Come Alive, Depending on the Season

For playing

- Playgrounds for kids
- Water play facilities
- A basketball court
- A temporary ice rink

For relaxing

- Trails that run along lakes are ideal for racing, walking, physical activities on one the exercisers or merely recharging your batteries.
- Piazzettas that are perfect for meeting people or for indulging in a real rest.
- An outdoor skating rink with boards, an ice rink and a slide, where residents will be able to enjoy winter activities with the family.

Well-designed Spaces

The layouts have been designed for peace and quiet as well as for the safety of the park's visitors, and particularly, the residents in this sector. This is why plantations and paths will be added throughout the development of the parc du Bois-Franc.
