IMPORTANT NOTICE

August 10, 2009

**Subject: Major construction work
Construction of a sewage retention basin – Willibrord park**

Dear Residents:

The Verdun Borough will soon be carrying out construction work on your street. This work involves building an underground basin that will temporarily hold sewage water. This construction work is scheduled to be completed in four (4) months' time.

During certain phases of this work, the contractor will be installing temporary no-parking signs. Please obey these temporary no-parking regulations.

As a temporary measure, parking will be authorized at all times on both sides of the streets, as shown on the drawing enclosed.

The Borough therefore won't be issuing any statements of offence for the regulations controlled by the regular maintenance-related signs. However, you must comply with all the other parking restrictions in force, such as for fire hydrants, bus stops, private entrances, etc.

Rest assured that we are aware of the inconveniences that this work may cause and we will take the necessary steps to reduce any negative impacts.

If you have any questions regarding this project, please phone the Verdun Borough's *Division Ingénierie* at 514 765-7075 or 3-1-1. Information will also be available on the Borough's website (ville.montreal.qc.ca/verdun),

We thank you for your cooperation.

La Direction des travaux publics – division Ingénierie
