

**Road restructuring at the entrances and exits of L'Île-des-Sœurs  
Detours August 28-31  
and New Configuration Starting August 31**

**Verdun, August 25, 2009** — As part of the roadwork involved in reconfiguring the entrances and exits of L'Île-des-Sœurs, motorists wanting to access the Pointe-Nord from Autoroute 15 South and those entering L'Île-des-Sœurs from the South Shore should expect to make certain detours between Friday, August 28 and Monday, August 31. These detours are necessary so that roadwork can be carried out to reconfigure access to the Bonaventure Expressway and Autoroute 15 North from L'Île-des-Sœurs. This new configuration will be open for use starting August 31.

**Closures starting Friday, August 28 through Monday, August 31**

**Closure of Exit 57 North on Autoroute 15 South**

Exit 57 North, providing access to the Pointe-Nord from Autoroute 15 South, will be shut down starting at 10 a.m., on Friday, August 28, until 5 a.m., on Monday, August 31. During that time, motorists wanting to access the Pointe-Nord from Autoroute 15 South will have to take L'Île-des-Sœurs Exit 57 and then boulevard René-Lévesque to the Pointe-Nord.

**Closure of Exit 57 on Autoroute 15 North, on getting off the Champlain bridge**

Exit 57 of Autoroute 15 North will be closed starting at 7 p.m., on Friday, August 28, until 5 a.m. on Monday, August 31. Motorists wanting to go to L'Île-des-Sœurs during this time will have to take Exit 58 and then the Bonaventure Expressway, up to Exit 2 – Avenue Pierre-Dupuy-Technoparc. At the Expressway exit, they will have to bear left and then go under the overpass to once again take the Bonaventure eastbound to Exit 4. Then they will have to go to the junction for the Champlain bridge to get to L'Île-des-Sœurs via Exit 57.

**New configuration starting August 31**

A new configuration for accessing the Bonaventure Expressway and Autoroute 15 North will come into effect on Monday, August 31. New signs to be installed by the Borough will then suggest various routes for motorists to take in order to access the Bonaventure Expressway and Autoroute 15 North.

**Route recommended for accessing the Bonaventure Expressway**

Starting Monday, August 31, motorists will be able to access the Bonaventure Expressway by taking a new ramp—starting at the roundabout, at the entrance to L'Île-des-Sœurs—and running under the Autoroute 15 overpass.

**Route recommended for accessing Autoroute 15 North**

From the southern part of L'Île-des-Sœurs, motorists wanting to go to Autoroute 15 North will be encouraged to take boulevard René-Lévesque, rue Jacques-LeBer and chemin de la Pointe-Nord.

The recommended routes will make it possible to ensure a better flow of traffic heading toward the Bonaventure Expressway and Autoroute 15 North. The Verdun Borough wishes to thank residents for their cooperation during this new phase of the work to improve the entrances and exits of L'Île-des-Sœurs and urges them to drive carefully at the approach to the roadwork areas.

Drawings illustrating these closures and the recommended routes may be found on the Borough's website ([ville.montreal.qc.ca/verdun](http://ville.montreal.qc.ca/verdun)), under *Info-Construction*.
