

PUBLIC NOTICE

Public review – Meeting cancellation

Favoring increased direct international air traffic, a contribution to the economic development of Montréal

The Commission sur le développement économique et urbain et l'habitation launched in September 2014 a public review on the means by which to increase direct international air traffic in Montréal.

Given the great interest in this issue shown by citizens and local organizations, the committee wishes to take the time required for a detailed analysis of the propositions and concerns contained in the memoranda presented at the public meetings before making its recommendations. Therefore, the public meeting scheduled for **November 19, at 7 p.m.** to adopt the recommendations **is cancelled**. Please note that a new meeting for the adoption of recommendations will be announced at a later date.
