#### Le Sud-Ouest Borough

### Work on sewers and water supply pipes and roadwork on rue Liverpool, rue Knox and rue de Coleraine

#### **Resumption of work in spring 2019**

The Ville de Montréal will resume work on **rue Liverpool, rue Knox and rue de Coleraine as well as on the intersection of rue Liverpool and rue de Paris.** This work will progress with the replacement of sewer pipes, water supply pipes, roadwork and paving, and will begin in late March or early April, depending on weather conditions; it will continue until early September 2019.

#### Traffic:

- Complete closure of the intersection of rue Liverpool and rue Knox as soon as the work begins. Then, as the work progresses, the complete closure of streets in the direction of the intersection of rue Liverpool and rue Wellington.
- Complete closures are also planned for rue Liverpool intersections with rue de Coleraine and rue de Paris. Detour routes will be proposed.

#### Work schedule

- Monday to Friday, from 7 a.m. to 7 p.m.
- Work may be carried out during evenings and weekends.

#### Impacts

- Parking: Restrictions in the work zone and general vicinity.
- **Bike path**: The bike path on rue Liverpool will be temporarily diverted. Detour routes will be offered.
- Access: There will be access to homes and businesses at all times except while sidewalk excavation and repair work is taking place. Door hangers will be affixed to the doors of residents who will be affected by this work.
- **Reduced mobility**: Please contact **514 872-3777**. Our agents will request your name, address and phone number and project managers will contact you as soon as possible.
- Interruptions to the water supply: The water supply will be interrupted at times during this work. Forty-eight (48) hours before the interruption to the water supply, door hangers will be affixed to the doors of residents who will be affected. The quality of drinking water will not be affected by this work, so drinking it presents no risks.
- Interruptions to the sewer service: Forty-eight (48) hours in advance, door hangers will be affixed to the doors of residents who will be affected. Residents will be advised of the date, time and precise duration of any temporary interruptions to the sewer branch.
- Noise and dust: Dust and noise may be generated by the presence of trucks in the work zone.
- Collection of garbage and recyclable materials: The contractor will move bins and bags outside of the work area on waste collection days. Please identify your garbage bins.

The Ville de Montréal is aware of the inconvenience this work may cause and will take all necessary measures to minimize the impact.

We would like to thank you for your understanding and your cooperation.

Additional communications will follow.
