

# Notice of work

**Pierrefonds-Roxboro aquatic complex**

**Start: fall 2023**

**End: summer 2026**

## **Start of construction work**

Construction of a new aquatic complex begins this fall in the borough of Pierrefonds-Roxboro. This innovative project is part of an ecological transition project, and will enable the Pierrefonds-Roxboro and Île-Bizard-Sainte-Geneviève boroughs to benefit from their first indoor aquatic infrastructures. Preparatory work will be carried out over the coming weeks. This is the first step towards building the complex.

### **Nature of the work**

- Start of excavation work and delivery of machinery to the site;
- Layout of work area and plant protection.

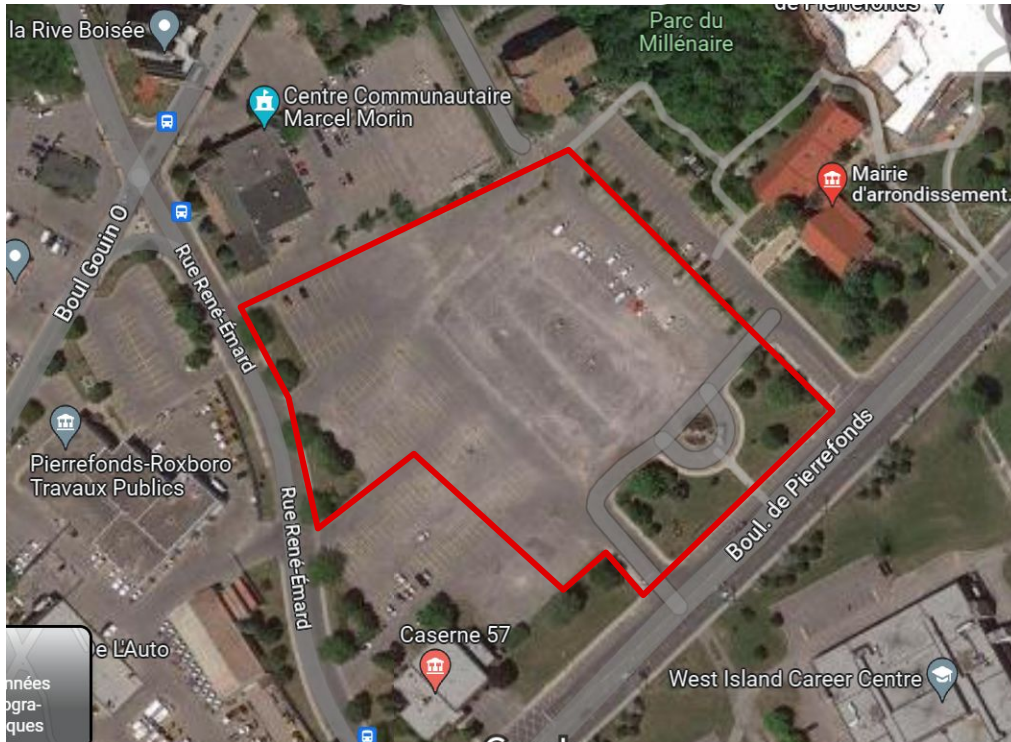

### **Buildings**

#### **Access will be maintained at all times :**

- At the Pierrefonds-Roxboro borough hall;
- At fire station 57 of the Service de sécurité incendie de Montréal (SIM);
- At the Marcel-Morin Community Centre.

For any situation for which it would be appropriate to inform the person in charge of the work, call 311 to speak with an agent.

**Work zone**

**Work site :**

**Schedule and work**

- Schedule : Monday to Friday, from 7 a.m. to 7 p.m.
- Work : The use of tools and/or other equipment on site that are necessary to perform the work may cause noise, dust and vibrations in spite of all the mitigation measures planned by the team of experts to ensure that the disruptive aspects of the work are kept to a minimum.
