

## IMPORTANT NOTICE

Improving animal health

Vaccination program

for  
**raccoons**

on parc du  
Mont-Royal

The Ville de Montréal, in cooperation with Les amis de la montagne, is currently conducting a vaccination program for the raccoon population in the parc du Mont-Royal to reduce canine distemper and resulting fatalities.

Cages will be installed at various locations in the park to capture, identify and vaccinate the raccoons.

### **You must at all times:**

- **Keep your dog on a leash to prevent the spread of the disease.**
- **Keep away from the cages.**

Your cooperation is key to ensuring the success of this vaccination program.

For more information, or to report any irregularity, suffering or dead animals, please visit maison Smith or call 514 843-8240.
