

Ville-Marie borough

Festive weekend in downtown Montréal, June 7 to 10, 2018 – Several traffic obstructions expected

From June 7 to 10, 2018, several major events likely to cause road network disruptions will take place in downtown Montréal.

- Festival Grand prix sur Crescent, June 7 to 9, crescentgrandprix.com
- Formula 1 Grand Prix du Canada (Parc Jean-Drapeau), June 7 to 10, gpccanada.ca
- Peel Formula, June 7 to 10, formulepeel.ca
- Francos de Montréal, June 8 to 17, francofolies.com
- Mondial de la bière, June 6 to 9, festivalmondialbiere.qc.ca/fr/festivals/mondial_de_la_biere_montreal_2018/

In order to facilitate travel in this sector, the municipal administration has produced a map indicating street closures and optional itineraries during this period. Please consult the Montréal Web site (ville.montreal.qc.ca/deplacements) for all the information needed to better plan your trips. Moreover, in light of the numerous festivities planned, the municipal administration recommends that people use public transit when travelling downtown.

Autoroutes 10 and 15

Also note that as part of the construction of the new Champlain Bridge corridor, traffic obstructions are expected on autoroute 10 in Brossard and autoroute 15 on the island of Montréal. For more on the various obstructions, please consult the Signature on the Saint Lawrence Web site (nouveauchamplain.ca).

The city is aware of the inconveniences that these exceptional events may cause and is taking all the necessary measures to minimize the impacts and ensure safety for people travelling on the streets of Montréal.

Thank you for your collaboration.
