Public review – Meeting cancellation
The future of the manufacturing sector in Montréal

The *Commission sur le développement économique et urbain et l'habitation* launched in June 2016 a public review on the future of the manufacturing sector in Montréal.

Given the great interest in this issue shown by local organizations, the committee wishes to take the time required for a detailed analysis of the propositions and concerns contained in the memoranda presented at the public meetings before making its recommendations. Therefore, the public meeting scheduled for **October 18, at 7 p.m.** to adopt the recommendations **is cancelled**. Please note that a new meeting for the adoption of recommendations will be announced at a later date.
