NOTICE

By special decree of the Borough's Council, the work affecting the main building or accessory elements that have been damaged due to the flooding are not subject to a transformation permit or to a certificate of authorization. However, a certificate of authorization is required for the replacement of a pool. These works are, nonetheless, exempt from the applicable fees. This exception will remain in force until December 31, 2017.

Any person who has evacuated his house needs to contact the Bureau Accès Montréal by phone dialing 311 or 514-872-0311 (outside of Montréal) before reinstating the residence.
