For Peace and Harmony  
Among Human Beings and Pets

LaSalle  
Montréal

*For human beings and pets to live together in peace and harmony,  
it is of the utmost importance that certain rules be followed.  
The Borough of LaSalle's Animal Patrol is appealing to you  
to adopt good habits.*

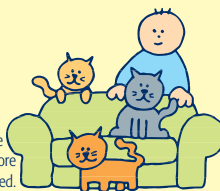

## Cat owners

### YOUR CAT MAY...

- live with you along with one or two more feline companions; however, keeping more than 3 cats in the same home is prohibited.

### YOUR CAT MUST...

- remain on your property so as not to be a neighbourhood nuisance.
- wear an ID tag so that it can be more easily found if ever it gets lost.

## Dog owners

### YOUR DOG...

- must always be kept on a **leash** when walking along **streets and lanes**, on **sidewalks** and in parks along the Montreal Aqueduct and Lachine Canal. Only guide dogs are allowed in the other municipal parks, playgrounds, green spaces and cycling trails; all other dogs are **prohibited**.
- may run to its heart's content, **without a leash**, at the **dog run** set up at the corner of Pigeon and Lapierre (open 7 a.m. – 11 p.m.). Phone 514-235-4945 to become a member of *Amis des animaux de LaSalle*, which operates the dog run.
- may share your home with one canine companion; however, keeping more than 2 dogs in the same home is prohibited.

### YOU MUST...

- make sure that your dog always wears a valid **ID tag** issued by the Borough of LaSalle, and keep your dog on a leash in public places.
- hygienically pick up your dog's **droppings** at all times and in all places, for example, by using a plastic bag, which you will then properly dispose of.
- take the necessary steps to **prevent** your dog's **barking** from disturbing the neighbourhood.
- **annually renew** your dog's ID tag issued by the Borough of LaSalle. It is valid January 1 - December 31 and costs **\$24**.

## Useful advice

- Visit the veterinarian with your pet once a year to make sure it is in good health, and follow the vaccination program suggested.
- Have your pet sterilized.

## The Animal Patrol

### A DUAL ROLE: SURVEILLANCE AND ASSISTANCE

The Animal Patrol must make sure that pet owners comply with Bylaw 2116. In case it takes note of any offences, it may issue fines ranging from \$25 to \$2,000.

Over and above its "*watchdog*" role, the Animal Patrol...

- answers complaints about pets and wild animals
- controls and captures stray and dangerous dogs, and disposes of them
- helps find lost animals
- picks up animals at home, at residents' request
- installs cages to capture certain animals.
