

# Notice of work

Renovation of Dorval's drinking water plant

**Start: May 25, 2021**

**End: Winter 2023**

**Avenue Lilas and Chemin du Bord-du-Lac**

Work outside the plant

## Information

### Nature of the work

Starting May 25

- Excavations in the courtyard behind the plant, behind the J.J. Cardinal funeral home
- Installation of concrete bedding for electrical equipment

Starting mid-August

- Excavation of a trench and installation of underground electrical conduits on the plant's site and in the parking lot of the funeral home. The work will take about 15 days.
- Overhead electrical wiring work carried out by Hydro-Québec at the intersection of Chemin du Bord-du-Lac and Avenue Dahlia in front of the funeral home: installation of a utility pole and connection with the distribution network.

From May to October

- Construction of a small enclosure to protect the plant's water intake, on the waterfront property, at the end of Avenue Lilas (see map on back).

### Traffic

- Short-term partial obstruction on Chemin du Bord-du-Lac during the electrical connection by Hydro-Québec.

### Water supply

- No interruption of the drinking water supply is planned.
- This work will have no impact on the quality of drinking water.

### Parking

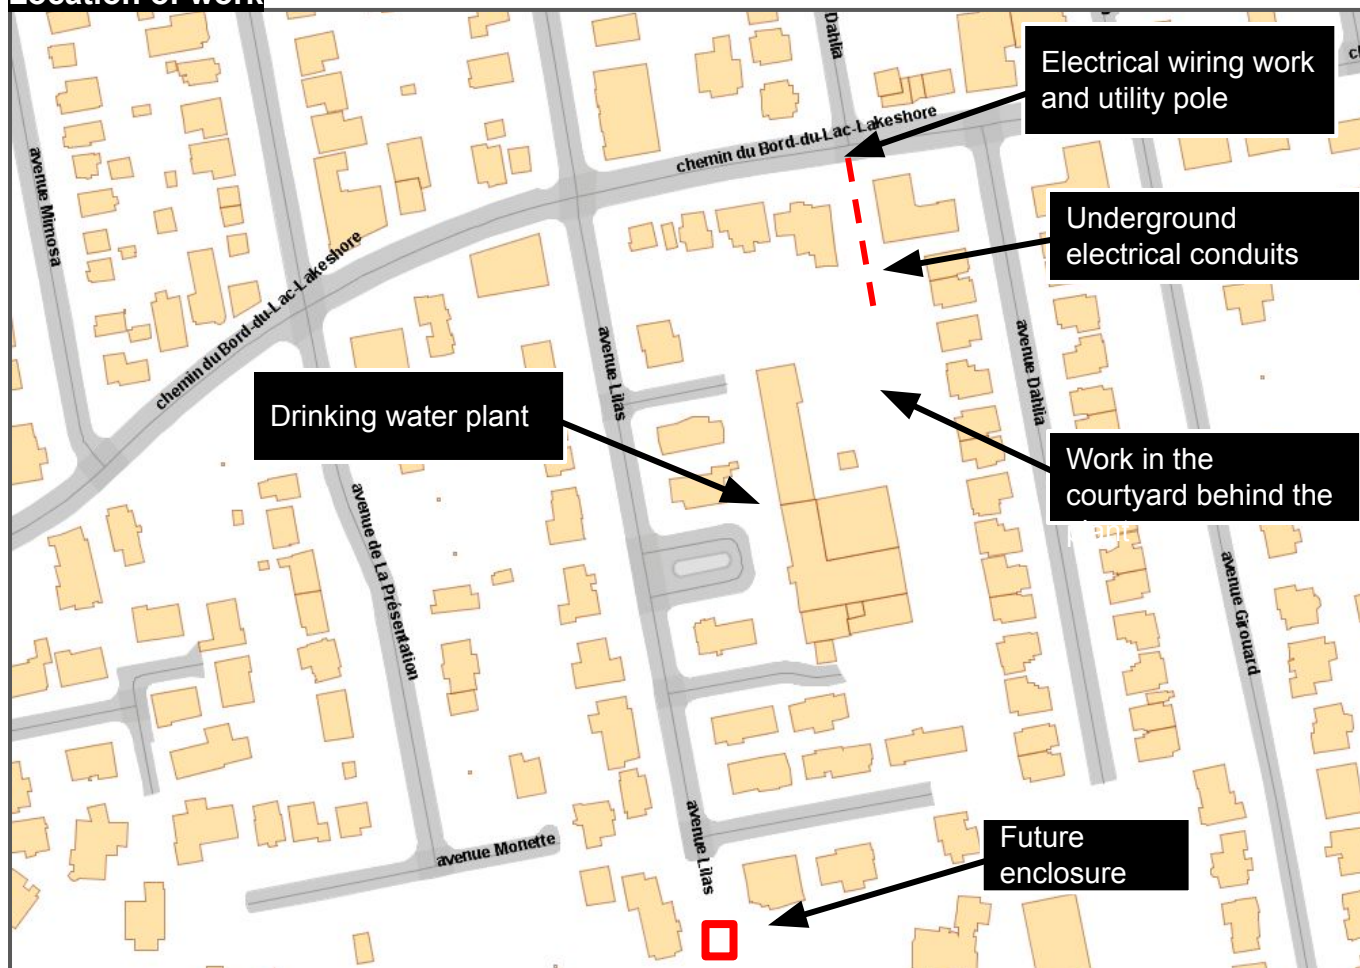

- The funeral home's parking lot will be inaccessible for about two weeks during the work planned for mid-August.
- Only work or delivery trucks will have access to the plant site. Work-site staff will need to park their vehicles on the surrounding streets.

### Noise and dust

- Noise and dust may be generated by the presence of trucks and the outdoor work.

The work teams will be on site Monday to Friday, from 7 a.m. to 5 p.m.
