

Here are eight key fire safety tips

1 Stay away from hot things that can burn!

A cartoon dog is pointing towards a red prohibition sign. Inside the sign, there is a stove, a lit candle, and a pot of boiling liquid. The dog is looking at the sign with a warning expression.

2 Tell a grown-up if you find a lighter or matches!

A boy is talking to a man (his father) about a lighter and matches he found on a table. A dog is sitting nearby.

3 Stop, drop and roll if your clothes catch fire!

A boy is lying on the floor, rolling over to extinguish flames on his shirt. A girl stands nearby, looking on.

4 Cool a burn with cold water and tell a grown-up!

A girl is running water over her hand in a sink, cooling a burn. She looks concerned.

5 Crawl low under smoke!

A girl is crawling on the floor under a thick cloud of grey smoke. She is looking back over her shoulder.

6 Recognize the sound of the smoke alarm and get out!

A hand is shown pressing a red button on a circular smoke alarm. There are jagged lines around the alarm, indicating it is ringing.

7 Practise using an escape plan!

A floor plan of a house is shown with various rooms and furniture. A tree outside has a red 'X' over it, indicating it is not a safe escape route.

8 Consider firefighters your friends!

A group of children and a dog are talking to two firefighters in full gear. The firefighters are smiling and holding the dog.
